Grow Group Questions for May 5th

1. What from the sermon, "The Answer," impacted you most?
2. In John 2, at the wedding in Cana, Jesus does a miracle that was not according to plan. He does it in response to His mother's heart felt plea. God fulfills His plan in prayer partnership with us.
 - How have you seen that in your own walk? How have you seen Him show up for you in something that was important to you but not of cosmic significance?
3. I said that "you need to allow God to lead you to spiritual breakthrough." And He does that as He takes us through the Valley of the Shadow. How have you learned to experience Him in:
 - Disappointment? And in fulfilled dreams?
 - Loss? And in gain?
 - Criticism? And in approval?
 - Betrayal? And with loyal friends?

Above are the questions I see driving towards the objective of spiritual breakthrough. Other questions that might bear fruit:

- I said that if you could see the glory of God directly your retinas would burnout! So we need dark glasses in order to see. What do you think about that?
- What do we see in the dark place that we don't see in brightness?
- Why do you think He has put us here on earth... and didn't just stick us in heaven in the first place? He could have avoided a lot of pain and trouble!
